## Welcome Message

**Dr. Abdullah Alamri**  
President

Saudi Society of Periodontology and Implant Dentistry

### Greetings!

It is a great pleasure to cordially invite you to attend and participate in the **"4th Saudi International Conference in Periodontics & Implant Dentistry (#SaudiPerio4)"** on October 17 to 19, 2024, to be held at JW Marriott Hotel Riyadh, KSA. We believe that your endowment to this conference will be very beneficial and in this regard, we welcome you to join our conference as one of the **"Sponsors and/or Exhibitors"**, and a partner of SSPI.

For the past 4 years, SSPI conducted different successful scientific events including the Saudi International Periodontics Conference (#SaudiPerio) which immersed more on diverse topics in terms of workshops, sessions, lectures, exhibitions, research presentations, and live surgery related to recent trends, advances, and approaches in the field of Periodontology and Implant Dentistry. #SaudiPerio2022 hosted 31 local and international speakers, 115 Exhibit Registrants, 11 Major Sponsors, and more than 1000 attendees worldwide. Last 2023, SAPI was the highlight of the year that focused on specific topics and targeted the experts 'participants. It reached out to international speakers who were well-known globally in contribution and sharing of their knowledge and expertise in Periodontology and Implantology. In this forum, speakers and audiences interacted in the open and scientific discussion between fellow speakers and participants. This year, the **#SaudiPerio4** will give us a unique experience that includes hot topics that focus on **"advancing clinical practice through scientific evidence and digital solutions"**.

On the next page, you may view all the details about the different sponsorship categories that will help you to select the best option for your participation. These packages are pliable for any request or recommendations.

This will be a wonderful opportunity for your organization and we hope that we can count on your participation, thank you in advance for your sponsorship, let's work together to make **#SaudiPerio4** another pinnacle event of the year.

**Sincerely yours,**

## About Us

In Saudi Arabia, Education, Professional Development, Scientific Research, and Policymaking in the field of Periodontology were never covered by a single umbrella. Promising efforts were undertaken by numerous bodies pertaining to different sectors, namely the Ministry of Health and the Ministry of Education. Isolated scientific activities were the main source of Periodontology-related knowledge exchange. Uncoordinated research activities were the trend as far as updates and developments were concerned. All these activities were indeed of significant value to the improvement of individual practices. However, systematic efforts leading to clear recommendations were clearly lacking, and with the growing number of Periodontal Specialists, Practitioners, and Residents in the kingdom and neighboring countries, the need for a supporting mother entity in the field of Periodontology arose.

The Saudi Society of Periodontology (SSP) was established following the approval of the Board of Trustees of the Saudi Commission for Health Specialists (SCHS), chaired by His Excellency the Minister of Health last 16 Ramadan 1439H, corresponding to 31 May 2018. SSP is the first society in the entire region to thoroughly focus on Periodontology and Dental implantology-related issues.

In particular, areas of interest include (but are not limited to): Periodontal diseases and methods of their treatment; Pre-prosthetic reconstruction of the alveolar bone and periodontal tissues; Dental Implantology and treatment of associated complications and peri-implant diseases; and Treatment of esthetic defects related to tissues surrounding the teeth and dental implants.

## BOARD MEMBERS

**Dr. Abdullah Alamri**  
President

**Dr. Hani Fadel**  
Vice President

**Dr. Asim AlSuwaiyan**  
General Secretary

**Dr. Sami Al Qahtani**  
Treasurer

**Prof. Montaser Alqutub**  
Member

**Prof. Maha Bahammam**  
Member

**Dr. Adnan AlMaghlouth**  
Member

**Dr. Talal Zahid**  
Member

**Prof. Nabeeh Al Qahtani**  
Member

**Dr. Hassan Koshak**  
Member

**Dr. Alhasan Ajeebi**  
Member

# SaudiPerio4

The 4th Saudi International Conference  
in Periodontics & Implant Dentistry  
Oct 17-19 2024 Riyadh

المؤتمر السعودي الدولي الرابع  
لأمراض وجراحة اللثة وزراعة الأسنان

## CONFERENCE OUTLINE (LIST)

- Hands-on workshops for consolidation of knowledge and application of key concepts.
- Face-to-face and distant lectures to present latest developments and research findings.
- Live and recorded surgical and operative procedures to demonstrate the presented schools of thought.
- Q&A sessions to allow for interaction between audience and speakers.
- Young researcher oral and poster presentations to encourage emerging talents in the field.

The 4th Saudi International Conference  
in Prriodontics & Implant Dentistry  
Oct 17-19 2024 Riyadh

المؤتمر السعودي الدولي الرابع  
لأمراض وجراحة اللثة وزراعة الأسنان

## AIMS AND LEARNING OUTCOME(S) OF THE CONFERENCE

### Aim

To familiarize the practitioner with the latest digital solutions for clinical situations, based on solid scientific evidence and shared experiences.

### Learning Outcome(s)

- Differentiation between evidence-supported and non-supported therapeutic strategies.
- Selection of case-suitable digital solutions to achieve superior clinical outcomes.

# SaudiPerio<sup>4</sup>

The 4th Saudi International Conference  
in Periodontics & Implant Dentistry

Oct 17-19 2024 Riyadh

المؤتمر السعودي الدولي الرابع  
لأمراض وجراحة اللثة وزراعة الأسنان

## GOALS AND LEARNING OBJECTIVES(S) OF THE CONFERENCE

**By the end of this conference, participants should be able to:**

- Improve their clinical decision-making skills in challenging periodontal and implant therapeutic cases.
- Apply the latest scientific evidence in day-to-day practice.
- Utilize digital advancements to simplify initially hopeless cases.

# SaudiPerio4

The 4th Saudi International Conference  
in Periodontics & Implant Dentistry  
Oct 17-19 2024 Riyadh

المؤتمر السعودي الدولي الرابع  
لأمراض وجراحة اللثة وزراعة الأسنان

## TARGET AUDIENCE

- Dental Practitioners and Specialists;
- Dental Residents, Interns and Students;
- Allied Dental Personnel

## LEARNING NEEDS OF GAP(S) IN KNOWLEDGE, ATTITUDES, SKILLS OR PERFORMANCE INTENDED FOR TARGET AUDIENCE

- Rapid development of digital solutions for day-to-day and challenging clinical cases without solid evidence or accredited experiences.
- The clinician's need to update personal knowledge and skills to keep up with latest advancements and recommendations for patient care.
